- Weakest Patterns
- Upcoming Mock OA

Charts

1. Topic Completion (Bar)
2. Green/Yellow/Red Distribution (Pie)
3. Weekly Problems Solved (Line)
4. Revision Heatmap
5. Pattern Mastery Radar
6. Company Readiness Bar Chart

Conditional Formatting

Green = solved under target time.

Yellow = solved with hint or slower.

Red = unsolved.

Due Today = orange highlight.

Overdue = dark red.

ROI ≥ 9 = blue border.

Confidence ≤ 2 = purple highlight.

Automation Rules

Automatically:

- Calculate next revision date.
- Count revisions.
- Update dashboard KPIs.

- Refresh today's revision queue.
- Highlight overdue problems.
- Calculate placement readiness.

Placement Readiness Formula

Overall Score =
 35% Revision Completion
 25% Pattern Mastery
 20% High-ROI Problems Completed
 10% Mock OA Performance
 10% Confidence Rating

Display score from 0-100 with:
 <60 Needs Work
 60-75 Improving
 75-90 Placement Ready
 90+ Strong Candidate

Smart Filters

Filter by:
 Topic
 Pattern
 Difficulty
 ROI
 Frequency
 Company
 Status
 Confidence
 Revision Due
 Mock OA relevance

Future Integrations

Support future import/export to CSV, Power BI, Notion, and AI assistants. Keep sheet names stable to preserve formulas.
